

Welcome to Sunshine Homecare Services - With a Passion for Compassion

Sunshine Homecare Services is a licensed NJ NY Homecare Agency, with a mission is to help people live full, independent and dignified lives in the comfort of their own homes. Sunshine Homecare is dedicated to providing supreme NY Homecare and NJ Homecare service for our clients!

We are a HIPAA compliant New York and New Jersey licensed home healthcare agency serving the needs of our patients. All our employees are covered by workers compensation, disability insurance, professional and general liability coverage. We recognize that each individual has different kinds of needs and therefore our Director of Nursing services will evaluate and prepare an individualized plan of care for each client. We can provide care either in the client's home or in a hospital/assisted living facility. After the evaluation, we will make every effort to match the client with an appropriate home health aide with respect to their daily needs. We also recognize that among our population, not everyone speaks English and therefore, in order to serve our non-English speaking clients, we employ bilingual staff. Regular in-service classes ensure that our employees receive ongoing training to provide you with the highest level of care. In addition, there is periodic supervision by our Director of Patient Services and other nursing staff.

The level of NY homecare provided may be temporary, involving just a few hours a day, to more permanent and full time care. Regardless of the duration, Sunshine Homecare Services strives to ensure dignity, privacy, and safety. Sunshine Homecare Service is proud to be licensed in NJ and the following counties in New York: Rockland, Westchester, Orange, Putnam, Dutchess, and Sullivan County, plus the Bronx.

Sunshine Homecare Service's staff receives constant training and can handle the highly specialized care for clients with Alzheimer's, Dementia, MS, Parkinson's, stroke victims and ALS patients. Surgical recovery and accident rehab homecare is available in NJ and NY Homecare. Medical services for treatments such as wound care, Foley care, Diabetes management, skilled observation and health assessment is available. Additional various other nursing procedures are available through NJ NY Homecare and NY Visiting Nurse Services. Whether it is a short post-surgical need or a live-in situation, Sunshine Homecare Services team of Certified Home Health Aides and Registered NJ NY Home Nurses is ready to help.
